

LET'S GET READY TO

THE SCRAMBLED CROSSWORD GAME

It's not your average crossword game. The good news: as you can see, the crossword puzzle is filled in. The bad news: the crosswords are all scrambled. The good news: the letters in grey, where the words intersect, are in their proper spaces. The bad news: You have to unscramble them. Once you unscramble all the words, you will then be able to figure out what they all have in common, that is, guess the category.

CLUES:

ACROSS:

3. Movie: *Monty Python's The Meaning of* _____
5. Sly and the Family Stone tune: *Everyday* _____

DOWN:

1. Classic *Dirty Dancing* song: *I've Had the* _____ *of My Life*
2. What you say first when you greet someone "_____!"
4. Classic 90s Madonna tune _____

Now that you've unscrambled all the words, you can guess their category.
